- Larry Conner
- Ramona Ellis

- good test results/reports
- Negative Covid results
- Big jobs done
- 

### Sister Churches in our Association and Community.

Pray for our director of Missions Timothy Bass and his family. Pray that he would be effective for the Lord in leading our association.

Pray for Randy Dees and Mission Hope volunteers.

Pray for churches as they share the gospel and make disciples.

Pray for our sister churches as they deal with encouraging their congregations to return to worship and serving.

### Send City Partnership (Chicago)

Please continue to pray for Pastor Brian Evans and the Church in the Loop and Pastor Jamie Thompson and the Reborn Community Church. Pray for the North Center Neighborhood. Pray for this community that is becoming increasingly de-churched and secular with many of the new residents moving in. Pray for opportunities to reach these people. Pray for the efforts to strengthen existing churches to reengage in the neighborhood and for new church plants. Pray for the large

singles community that has an interest in the music and arts and for social justice. Pray for the church to engage them with practical acts of service and that they would be receptive to the Gospel message.

### **South Asia**

**Hyderabad (HIGH-druh-bahd), India** - The Telugu-speaking Kapu people are one of the top five largest unreached people groups in the city of Hyderabad. Although the Kapu people are of the Shudra community or lowest caste in the Hindu system, the Kapu in Hyderabad are classified as a forward caste by the government because the people are, on average, ahead of other Indians both socially and economically. "Kapu" means "farmer" or "protector" in Telugu. The Kapu people are still predominantly farmers today, but many have branched out into other sectors. Pray that many Hindu Kapu will have the opportunity to hear God's Word, and ask that they will then welcome it and produce a harvest 30, 60, and 100 times what was planted (Matthew 13:23)!
